CENTENARY PLAN DISCUSSED AT BANQUET LAST NIGHT

IT HAS A WIDE APPEAL

Many Denominations Are Interested in Big Work Planned by Methodists —Visiting Speakers Have Message.

"The three S's—Soup, Soap and Salvation. These are the things that must be brought into use if the church's great centenary movement is to be a success." This was the message that the Rev. Elmer Brown, pastor of the Methodist church at Armourdale, Kan., brought to the men of the Maryville churches who attended the Centenary banquet in the First M. E. Church parlors last night when the great movement was discussed.

Rev. Mr. Brown, who is pastor of a church in the packing house district spoke of the movement from a social standpoint and pointed out that the biggest problems of the church was in the cities. He is deeply in love with his work and he presented a picture that appealed to the half-hearted and awakened new thoughts of a "vitalized" Christianity. "Food," he declared, "was the first essential, then cleanliness and sanitation, after which the people of the tenement districts and manufacturing centers would be properly prepared for the message of salvation. " In his own church district," he said, "were 13,828 people living in 3,000 homes wjth but 300 homes having sewer connection; fifty per cent were without city water and seventy-eight per cent owned nothing." A like condition, he said, prevailed in every large city in the country. He said a majority of these people were not antagonistic to Christ but were indifferent to the church and the church must show its interest in their physical welfare before it might approach them from the other angle.

Addressing the men at the banquet Rev. W. F. Burris said the Centenary Movement was appealing to men of all denominations because of its wide scope and patriotic endeavor. He cited the instance of a prominent Presbyterian, who, when he learned of the movement gave his check for $750,000, of another a member of the Congregational church who gave $500,000. Dr. Burris told of the efficient work of C. S. Ward, director of the Centenary drive. Mr. Ward was national chairman of the campaign for United War Work funds during the war.

F. R. Long of St. Louis, spoke of the Movement as being originated by laymen and that it was up to them to make good. Referring to the inauguration of the Centenaray plan by Dr. Earl S. Taylor of New York, he said that Dr. Taylor refused an offer of a salary of $50,000 yearly by a big banking concern to devote his time to the Centenary Movement at a salary of $5,000 a year. "The only program we can follow," said Mr. Long, "is to follow up the campaign that our soldiers have already started."

At the open meeting a Centenary round table was conducted by Dr. W. F. Burris who gave information and answered questions concerning the Movement. The prayer meeting service at the M. E. Church, South, was dismissed early and all who were there went to the First M. E. church to join in the meeting.

The Central school house west of Barnard was broken into Tuesday night by miscreants who made away with a number of articles including the clock, the teacher's desk bell, the water bucket some library books and other things. Entrance was gained by forcing open a window. The teacher, Miss Edith Barnes notified members of the school board and a search was made for the thief. No further clue has been found.

Popular Player Will Pilot the Bearcats During the 1919-1920 Basket-ball Season.

At the athletic meeting held at the Normal yesterday afternoon, Cleo (Bill) Richards was elected captain of the Normal basket ball team for the 1919-1920 season. Captain "Bill" has been a star performer for the Bearcats and local basket ball fans are confident that with him at the helm next season the championship pennant is destined to fly from the Normal field. Included with Capt. Richards, Ham, Puckett, Egley and Summers will likely be back on next year's team.

BOYS SIGHTSEEING

CORP. OMER FISHER WRITES OF TRIPS IN GERMANY

A VOYAGE UP THE RHINE

Reunion with Six Nodaway County Boys Was Like Being Home—No Date Given To Be Returned.

Schweich, Germany, Feb. 21.—* * * Had a general inspection this morning, got in at two o'clock and just had dinner. I just returned to the company this morning from a two days pass down the river to Coblenz. It is nearest to an American city of any I have seen. It is 100 kilometers from here at the junction of the Moselle and the Rhine. It certainly was great to see the stars and stripes flying on all the boats along the Rhine and also from the fort at Ehrenbrestien which is just across the Rhine. It is occupied by our artillery now. It was all thru the place and it sure was put there to stay. The first day we looked the town over and went out to see the monument of Frederick the Great. It is at the junction of the two great rivers. The next day we went up the Rhine for forty kilometers, passed a lot of old castles and towers and parts of old walled cities. Saw the ex-kaiser's castle. It was the largest on the river and the best kept. The rest were just ruins, that is the most of them, only a few are inhabited now. The scenery was great. It was so different from anything I had ever seen before. The old castles all have a very interesting story connected with them. There was a Y. M. C. A. man that told most of them to us. * * *

The part of the trip I enjoyed most was seeing some of the old home boys. Saw Charley Hosher, L. Bagley, Garland Hedrick, John Fitzgerald, Ralph Folden and Henggler from Conception. The boys were just as glad to see us as we were to see them. It was like being at home to get so many of the old bunch together again. There was 19 went from the company the first day and ten the next. We were all together the second day and with the boys I have just named. We sure had some bunch.

We left here at five o'clock in trucks, went to Erang, then took the train. On arriving went to the Y. M. C. A. for dinner, then reported to the place and were given a bed and tickets for our meals at a German hotel. Our bunk house was a large ammunition storage plant. There were 1000 bunks with five of the army blankets each. It sure was some place to sleep at least I slept fine. The place where we ate was a large German hotel, it had been taken over by the government and is rationed and run by the government. The German doing the work. There are a number of passes issued to the Alps I put my name in for one but don't think I will stand much chance as I just had a pass, but the runner was told to get all the names he could and I put mine in. Will send you some clippings from the Stars and Stripes. The ittle one gives the history of the 89th. We still get all kinds of reports on when we are to leave, but I don't think anyone konws. There are all kinds of dates given from the first of March to the middle of June. * * * *

TO KICK REED OUT

STATE DEMOCRATS WOULD OUST HIM FROM PARTY

BRANDED PARTY OUTLAW

Members of House Pass Resolutions Calling on Him to Resign His Seat in the U. S. Senate.

Jefferson City, March 20.—Plans are under way here to call a State Democratic Convention to kick out of the Democratic party Senator Reed who yesterday was declared a party outlaw in resolutions adopted unanimously by the Democratic members of the House of Representatives in caucus. The action was based not so much on Reed's opposition as to the League of Nations as to what the Democrats believe to be sneering spiteful attitude toward Wilson.

Senator James A. Reed was called upon to resign his seat in the United States Senate in resolutions adopted late yesterday at a conference of Democratic members of the House of Representatives. That action was the aftermath of Senator Reeds' speech Tuesday when at attacked the League of Nations.

The conference was attended by fifty of the sixty-seven Democratic representatives. The resolutions were adopted without real opposition.

WEATHER FOR TODAY

Mostly cloudy tonight and Friday;

IT WAS 'KANSAS' DAY

AN "EVENT" IN HONOR OF H. L. HAINES AND A. W. HOOVER

W. C. PIERCE WAS HOST

Fourteen Guests Drank to the Health of "Harve" and "Abe" and Hoped They'd "Stay Put" in Missouri.

There was once two men of Kansas who were very, very wise. Harvey L. Haines and Abe W. Hoover—they came to Missouri.

It was five years ago yesterday since the popular dry-goodist came to Maryville, decided at once it was an all-trump burg and has stayed "put" ever since. Abe liked Missouri so well during the two years he has been here, that he wants a little more and is moving to Kansas City April 1.

So the coming and going of the once-Kansans gave them the places of honor at a dinner given last night by W. C. Pierce at the Farmers Trust Company dining room.

Mental, solid and liquid solace was passed around the board where the fourteen guests were gathered. They were Harvey L. Haines, Abe W. Hoover Forrest H. Haines of Eldorado, Kan., Charles S. Haines of Sabetha, Kan., G. W. Hook of Bedford, Ia., George Rob Ellison, W. F. Phares, Horace Leet, Conrad W. Yehle, B. M. Chandler, Ed W. Keck, Peter Dietz, Bert Raines and Mr. Pierce.

The invitations, characteristic of Mr. Pierce, who is the kind of a host, whose guests would be brought there in an ambulaance before they would be absent, read—

"Kansan Harvey L. Haines has been in Maryville five years. Too (censored) bad.

"Kansan Abe W. Hoover leaves here April 1. (Too (censored) good.

"For these reason we will eat * * * and be merry with them at the Farmers Trust Company dining room Wednesday, March 19, 1919, at 7 o'clock p. m.

"You are invited—commanded.

"W. C. PIERCE."

Expected That Work of Organization Will Be Taken up as Soon as Director Gsell Arrives.

A band for Maryville is assured. The soliciting committees from the Commercial Club yesterday met with fine success and report enough subscriptions to the band fund pledged to guarantee the organization being immediately started. The committees were not able to finish the work yesterday and will visit all who have not been seen today so that the band project may be put over the top in good shape. It is understood that band director Gsell, who is now at Galveston Texas, and who has been employed to conduct the band will be advised at once with instructions to report for duty when the real organization will be taken up.

It is hoped to have a band of some twenty or more instruments and with plenty of first class material already to be enlisted there promises to be little trouble in getting together an organization that will be a credit to the city.

ANARCHY MENACES

WORLD FACING GRAVEST PROBLEM IN ITS HISTORY

NUST HURRY UP PEACE

Unless First Treaty Is Completed With in Month Result Will Be Serious to Civilization.

Paris, March 20.—The world's problems are now resolved in a race between the forces of anarchy and those of law and order with necessity for settlement most intense. Unless the first treaty of peace is completed within a month the result will certainly be most serious to the civilization of the world.

This statement was made by one of the biggest factors at the peace conference and shows exactly what insiders feel concerning the need for haste in getting something accomplished which will permit the world's affairs to be diverted into normal channels.

It also explains why President Wilson is taking no time for rest but is devoting all his waking hours to speeding up the machinery of the peace conference.

President Wilson, Premier Lloyd George and Premier Clemenceau are deciding all matters, the other delegates to the conference being no longer real factors in any of the big matters that are presented for solution. President Wilson and Lloyd George are in complete accord on all matters that have arisen with Premier Clemenceau differing on some matters, but the differences have been more on details than on principles. There is no longer talk of a "preliminary treaty" of peace.

FILLED UP MUDHOLE

Neighbors at Watson Corner Got Busy Yesterday with Wagons and Teams

The big mudhole this side of the Watson corner which has been the cause of much grief to automobilists and teamsters during the winter has been made passable. Yesterday eight or ten residents of the neighborhood and neighbors got teams and scrapers together and in a short time had it filled. As soon as the new culvert ordered by the court is installed the road at that point will be in good shape.

CAPTURED RUSSIAN CITY.

London, March 20.—Mitau, important railroad city in Russian Courtland, has been captured by the Letts, a race in Western Russia, who recently asked the peace conference to recognize their independence from the balance of Russia, according to information received here.

Some Good Corn.

A. Hutchinson left samples of some Boone county yellow seed corn at the Journal office Tuesday that is certainly fine. It is a little earlier than the Yellow Dent and a prolific yielder, Mr. Hutchinson having a piece in the past season that averaged 75 bushels to the acre—a great yield considering the season. He has several hundred bushels that he will sell for seed.—Hopkins Journal.

Its Always Economy.

A bunch of girls who raised a war garden last year are going to have a peace garden this season. Of course it is for economy but not the same reason as last year. It will give them an opportunity this season to wear out the short skirts of last year that connot be spliced into the new long hobble 1919 mode.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

Expectant Mothers View Event Calmly

Time Brings Knowledge That by Use of Penetrating Remedy Suffering Is Avoided.

Thousands of women have found by the application of Mother's Friend, the penetrating external remedy, prepared especially for expectant mothers, that pain and suffering at the crisis is avoided and that in addition the months preceding the crisis are free from nervousness, nausea, stretching and bearing-down pains and general discomfort.

Mother's Friend makes it possible for the expectant mother to herself retain all nature in the glorious work to be performed, and no woman should neglect to give nature a helping hand. It will mean infinitely less pain and the hours at the crisis will be less. The period is one of calm and restful nights.

By the use of Mother's Friend the skin is kept soft and natural, and expectant mothers say that it is much better to keep your health and good looks during the period of expectancy than to try to regain them afterward.

Write the Bradfield Regulator Company, Dept. G, Lamar Building, Atlanta, Georgia, for their interesting Motherhood Book, and obtain a bottle of Mother's Friend and begin its use at once.

CENTENARY PLAN DISCUSSED AT BANQUET LAST NIGHT

IT HAS A WIDE APPEAL

Many Denominations Are Interested in Big Work Planned by Methodists —Visiting Speakers Have Message.

"The three S's—Soup, Soap and Salvation. These are the things that must be brought into use if the church's great centenary movement is to be a success." This was the message that the Rev. Elmer Brown, pastor of the Methodist church at Armourdale, Kan., brought to the men of the Maryville churches who attended the Centenary banquet in the First M. E. Church parlors last night when the great movement was discussed.

Rev. Mr. Brown, who is pastor of a church in the packing house district spoke of the movement from a social standpoint and pointed out that the biggest problems of the church was in the cities. He is deeply in love with his work and he presented a picture that appealed to the half-hearted and awakened new thoughts of a "vitalized" Christianity. "Food," he declared, "was the first essential, then cleanliness and sanitation, after which the people of the tenement districts and manufacturing centers would be properly prepared for the message of salvation. " In his own church district," he said, "were 13,828 people living in 3,000 homes with but 300 homes having sewer connection; fifty per cent were without city water and seventy-eight per cent owned nothing." A like condition, he said, prevailed in every large city in the country. He said a majority of these people were not antagonistic to Christ but were indifferent to the church and the church must show its interest in their physical welfare before it might approach them from the other angle.

Addressing the men at the banquet Rev. W. F. Burris said the Centenary Movement was appealing to men of all denominations because of its wide scope and patriotic endeavor. He cited the instance of a prominent Presbyterian, who, when he learned of the movement gave his check for $750,000, of another a member of the Congregational church who gave $500,000. Dr. Burris told of the efficient work of C. S. Ward, director of the Centenary drive. Mr. Ward was national chairman of the campaign for United War Work funds during the war.

F. R. Long of St. Louis, spoke of the Movement as being originated by laymen and that it was up to them to make good. Referring to the inauguration of the Centenaray plan by Dr. Earl S. Taylor of New York, he said that Dr. Taylor refused an offer of a salary of $50,000 yearly by a big banking concern to devote his time to the Centenary Movement at a salary of $5,000 a year. "The only program we can follow," said Mr. Long, "is to follow up the campaign that our soldiers have already started."

At the open meeting a Centenary round table was conducted by Dr. W. F. Burris who gave information and answered questions concerning the Movement. The prayer meeting service at the M. E. Church, South, was dismissed early and all who were there went to the First M. E. church to join in the meeting.

SCHOOL HOUSE WAS ROBBED

Thieves Broke Into Central School Near Barnard Making Away With a Number of Articles.

The Central school house west of Barnard was broken into Tuesday night by miscreants who made away with a number of articles including the clock, the teacher's desk bell, the water bucket some library books and other things. Entrance was gained by forcing open a window. The teacher, Miss Edith Barnes notified members of the school board and a search was made for the thief. Mule tracks found close to the building led to the belief that movers were perhaps, responsible and the sheriff's office was notified, a wagon containing a mover's outfit being searched without finding any of the missing things. No further clue has been found.

BISHOP QUAYLE HERE SUNDAY

Prominent Divine aand Popular Lecturer, Will Deliver Address at First M. E. Church in Evening.

Announcement is made today that Bishop William A. Quayle of the Methodist church, will be in Maryville next Sunday night and will deliver a sermon at the First church. Bishop Quayle needs no introduction to the people of Maryville having spoken and lectured here several times and is a prime favorite.

Bishop Quayle has not announced a theme for his address, but it will doubtless contain a message of interest and will be in line with the Centenary program in which the church is engaged.

Bishop Quayle will speak at Burlington Junction at the morning service of the church there.

RICHARDS ELECTED CAPTAIN

Popular Player Will Pilot the Bearcats During the 1919-1920 Basket-ball Season.

At the athletic meeting held at the Normal yesterday afternoon, Cleo (Bill) Richards was elected captain of the Normal basket ball team for the 1919-1920 season. Captain "Bill" has been a star performer for the Bearcats and local basket ball fans are confident that with him at the helm next season the championship pennant is destined to fly from the Normal field. Included with Capt. Richards, Ham. Puckett, Egley and Summers will likely be back on next year's team.

Earl Miller, captain of this year's team has made an efficient leader during a particularly strenuous season and has played a star game in practically every event in which the Normals have been entered.

Members of the team were recently awarded handsome white sweaters on which was the letter "M." Men with more than one year's service on the team have a star on their sweaters. "Dad" Scarlett led the bunch with three stars and Miller and Richardson one apiece.

BOYS SIGHTSEEING

CORP. OMER FISHER WRITES OF TRIPS IN GERMANY

A VOYAGE UP THE RHINE

Reunion with Six Nodaway County Boys Was Like Being Home—No Date Given To Be Returned.

Schweich, Germany, Feb. 21.—* * * Had a general inspection this morning, got in at two o'clock and just had dinner. I just returned to the company this morning from a two days pass down the river to Coblenz. It is nearest to an American city of any I have seen. It is 100 kilometers from here at the junction of the Moselle and the Rhine. It certainly was great to see the stars and stripes flying on all the boats along the Rhine and also from the fort at Ehrenbrestien which is just across the Rhine. It is occupied by our artillery now. It was all thru the place and it sure was put there to stay. The first day we looked the town over and went out to see the monument of Frederick the Great. It is at the junction of the two great rivers. The next day we went up the Rhine for forty kilometers, passed a lot of old castles and towers and parts of old walled cities. Saw the ex-kaiser's castle. It was the largest on the river and the best kept. The rest were just ruins, that is the most of them, only a few are inhabited now. The scenery was great. It was so different from anything I had ever seen before. The old castles all have a very interesting story connected with them. There was a Y. M. C. A. man that told most of them to us. * * *

The part of the trip I enjoyed most was seeing some of the old home boys. Saw Charley Hosher, L. Bagley, Garland Hedrick, John Fitzgerald, Ralph Folden and Henggler from Conception. The boys were just as glad to see us as we were to see them. It was like being at home to get so many of the old bunch together again. There was 19 went from the company the first day and ten the next. We were all together the second day and with the boys I have just named. We sure had some bunch.

We left here at five o'clock in trucks, went to Erang, then took the train. On arriving went to the Y. M. C. A. for dinner, then reported to the place and were given a bed and tickets for our meals at a German hotel. Our bunk house was a large ammunition storage plant. There were 1000 bunks with five of the army blankets each. It sure was some place to sleep at least I slept fine. The place where we ate was a large German hotel, it had been taken over by the government and is rationed and run by the government. The German doing the work. There are a number of passes issued to the Alps I put my name in for one but don't think I will stand much chance as I just had a pass, but the runner was told to get all the names he could and I put mine in. Will send you some clippings from the Stars and Stripes. The little one gives the history of the 89th. We still get all kinds of reports on when we are to leave, but I don't think anyone konws. There are all kinds of dates given from the first of March to the middle of June. * * * *

TO KICK REED OUT

STATE DEMOCRATS WOULD OUST HIM FROM PARTY

BRANDED PARTY OUTLAW

Members of House Pass Resolutions Calling on Him to Resign His Seat in the U. S. Senate.

Jefferson City, March 20.—Plans are under way here to call a State Democratic Convention to kick out of the Democratic party Senator Reed who yesterday was declared a party outlaw in resolutions adopted unanimously by the Democratic members of the House of Representatives in caucus. The action was based not so much on Reed's opposition as to the League of Nations as to what the Democrats believe to be sneering spiteful attitude toward Wilson.

Senator James A. Reed was called upon to resign his seat in the United States Senate in resolutions adopted late yesterday at a conference of Democratic members of the House of Representatives. That action was the aftermath of Senator Reeds' speech Tuesday when at attacked the League of Nations.

The conference was attended by fifty of the sixty-seven Democratic representatives. The resolutions were adopted without real opposition.

WEATHER FOR TODAY

Mostly cloudy tonight and Friday;

IT WAS 'KANSAS' DAY

AN "EVENT" IN HONOR OF H. L. HAINES AND A. W. HOOVER

W. C. PIERCE WAS HOST

Fourteen Guests Drank to the Health of "Harve" and "Abe" and Hoped They'd "Stay Put" in Missouri.

There was once two men of Kansas who were very, very wise. Harvey L. Haines and Abe W. Hoover—they came to Missouri.

It was five years ago yesterday since the popular dry-goodist came to Maryville, decided at once it was an all-trump burg and has stayed "put" ever since. Abe liked Missouri so well during the two years he has been here, that he wants a little more and is moving to Kansas City April 1.

So the coming and going of the once-Kansans gave them the places of honor at a dinner given last night by W. C. Pierce at the Farmers Trust Company dining room.

Mental, solid and liquid solace was passed around the board where the fourteen guests were gathered. They were Harvey L. Haines, Abe W. Hoover Forrest H. Haines of Eldorado, Kan., Charles S. Haines of Sabetha, Kan., G. W. Hook of Bedford, Ia., George Rob Ellison, W. F. Phares, Horace Leet, Conrad W. Yehle, B. M. Chandler, Ed W. Keck, Peter Dietz, Bert Raines and Mr. Pierce.

The invitations, characteristic of Mr. Pierce, who is the kind of a host, whose guests would be brought there in an ambulaance before they would be absent, read—

"Kansan Harvey L. Haines has been in Maryville five years. Too (censored) bad.

"Kansan Abe W. Hoover leaves here April 1. (Too (censored) good.

"For these reason we will eat * * * and be merry with them at the Farmers Trust Company dining room Wednesday, March 19, 1919, at 7 o'clock p. m.

"You are invited—commanded.

"W. C. PIERCE."

Expected That Work of Organization Will Be Taken up as Soon as Director Gsell Arrives.

A band for Maryville is assured. The soliciting committees from the Commercial Club yesterday met with fine success and report enough subscriptions to the band fund pledged to guarantee the organization being immediately started. The committees were not able to finish the work yesterday and will visit all who have not been seen today so that the band project may be put over the top in good shape. It is understood that band director Gsell, who is now at Galveston Texas, and who has been employed to conduct the band will be advised at once with instructions to report for duty when the real organization will be taken up.

It is hoped to have a band of some twenty or more instruments and with plenty of first class material already to be enlisted there promises to be little trouble in getting together an organization that will be a credit to the city.

ANARCHY MENACES

WORLD FACING GRAVEST PROBLEM IN ITS HISTORY

NUST HURRY UP PEACE

Unless First Treaty Is Completed With in Month Result Will Be Serious to Civilization.

Paris, March 20.—The world's problems are now resolved in a race between the forces of anarchy and those of law and order with necessity for settlement most intense. Unless the first treaty of peace is completed within a month the result will certainly be most serious to the civilization of the world.

This statement was made by one of the biggest factors at the peace conference and shows exactly what insiders feel concerning the need for haste in getting something accomplished which will permit the world's affairs to be diverted into normal channels.

It also explains why President Wilson is taking no time for rest but is devoting all his waking hours to speeding up the machinery of the peace conference.

President Wilson, Premier Lloyd George and Premier Clemenceau are deciding all matters, the other delegates to the conference being no longer real factors in any of the big matters that are presented for solution. President Wilson and Lloyd George are in complete accord on all matters that have arisen with Premier Clemenceau differing on some matters, but the differences have been more on details than on principles. There is no longer talk of a "preliminary treaty" of peace.

FILLED UP MUDHOLE

Neighbors at Watson Corner Got Busy Yesterday with Wagons and Teams

The big mudhole this side of the Watson corner which has been the cause of much grief to automobilists and teamsters during the winter has been made passable. Yesterday eight or ten residents of the neighborhood and neighbors got teams and scrapers together and in a short time had it filled. As soon as the new culvert ordered by the court is installed the road at that point will be in good shape.

CAPTURED RUSSIAN CITY.

London, March 20.—Mitau, important railroad city in Russian Courtland, has been captured by the Letts, a race in Western Russia, who recently asked the peace conference to recognize their independence from the balance of Russia, according to information received here.

Some Good Corn.

A. Hutchinson left samples of some Boone county yellow seed corn at the Journal office Tuesday that is certainly fine. It is a little earlier than the Yellow Dent and a prolific yielder, Mr. Hutchinson having a piece in the past season that averaged 75 bushels to the acre—a great yield considering the season. He has several hundred bushels that he will sell for seed.—Hopkins Journal.

Its Always Economy.

A bunch of girls who raised a war garden last year are going to have a peace garden this season. Of course it is for economy but not the same reason as last year. OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.
